Auxilium (Estd. 1989) offers, an excellent Home - Study Education in Interior Designing and Decoration.

For various reasons, it is many times better, than, attending regular classes.

Proof - Read out past students course opinions.

They say so.

We too say so. Explanation given below.

Explanation - We conducted the Advanced Diploma level Course
As a 1 year intensive Part-time course, 3 days, 6 to 9 hours a week.

At Chennai : From 1989 - 1990 to 1996 - 1997.

At Coimbatore : From 1989 - 1990 to 1990 - 1991.

What you get to study from

Is what we gave our regular course students to study from.

We Rarely used the 4 Black boards in the classroom.

And, after attending classes for few months,

Most students wanted to shift to the Home - study course as they could easily follow the assignments that we gave them on the previous day to study from and come for the next classes.

So we stopped our regular course.

A comparison of Home - study and Regular course is given in the next page.

Clarifications - All clarifications regarding the assignments are answered by

A COMPARISON OF HOME STUDY & REGULAR COURSE

- 1) **STUDY** : **Home Study** - You get size 22"x16" almost perfectly done drawing Xerox copy of our best students works. The instructions are written on the sheet, and on additional sheets. You just following instructions and replicate the drawings.
Regular - You look at imperfect sketches drawn on the Board & listen to instructions which you may not understand.
- 2) **COST** : **Home Study - Totally free** - This option is available. Refer to enrollment requirements.
On Payment - Refer to the prospectus
Regular - To cover our Advanced Diploma syllabus you need almost 2 years. Fees varies from Rs.25,000 to over Rs.1 Lakh in India and many, many times, more outside India.
- 3) **INSTITUTION** : **Home study** - The best of education comes to your home anywhere in the world.
Regular - There should be a good college near your residence. If you shift, your education stops. You have to spend time, money & energy to go to college. Thereby, you cannot do your day-to-day activities and lot of other inconveniences.
- 4) **ATTENDANCE** : **Home study** - Does not arise at all.
Regular - If you are absent for few classes you may have to drop out, because most of the drawing classes are based on what was taught on the previous days. I.D.D. is not studying from text books, wherein, being absent is okay. You loose your fees paid. You loose on to a well earning career. Your education stops.
- 5) **CONVENIENCE** : **Home study** - You can attend to social functions, your job, your health, your holidays, your anything.
You do the course during your free time.
Regular - The above is not possible always.
